

Family* Faith Journeys is a new program for UUCG families of all sizes, structures, and ages... single person households to homes with multiple adults, children and/or youth. Drawing from some of the core content of the Coming of Age program, we are co-creating a faith development experience accessible to people of all ages.

Unitarian Universalism affirms all families, of origin and of choice. Parents and caregivers find support to embrace their role as primary religious educators—to open authentic conversations about difficult topics—to grow in faith together through religious practices, truth-seeking, justice work, service projects, and more.

At its core, UU family faith development is a journey of relationships. Family members connect and reconnect with one another, the faith community, and the universe itself to discover and rediscover a seeking, active faith.

**At UUCG, we define "Family" as members of a household. It is a term inclusive of all ages, family structures, and myriad relationships; indicating people who share a bond and a commonality of caring for one another. All of our programs labeled as "Family" are open to any and all members of the UUCG community.*
