As we kindle this flame, may it spark in each of us

Connection and commitment to this living tradition and to each other.

Worship Service at 11:00am:

Luminescence

Luminescence is a time for recognition, reflection, refocus and renewal. During this service we recognize the many facets that are within each person, the many cultures within society, and appreciate the wonderful variety and diversity that makes things whole. We reflect and look within ourselves for our own inner spirituality, our own thirst for knowledge and understanding. We refocus our external efforts toward making the world a better place, toward bringing light to the darkest corners. And, in the end, we renew and re-covenant ourselves to those paths that lead to higher ideals.
